

## Operation Kofr Kaddum

To all revolutionaries in the world

To all free Arabs

To the Palestinian masses

Today, Thursday, October 13, 1977, a Lufthansa 737 leaving Palma de Majorca en route to Frankfurt, flight number LH 181, passed into the complete control of the Commando "Martyr Halimeh".

This operation has as a goal the liberation of our comrades in the prisons of the imperialist-reactionary-zionist alliance. This operation reinforces the goals and demands of the Commando "Siegfried Hausner" of the RAF, which commenced on 05-09-77.

Revolutionaries and freedom fighters of the entire world are confronted with the monster of world imperialism, the barbaric war against the peoples of the world, under the hegemony of the U.S.A.

In this imperialist war, the sub-centers like Israel and the FRG have the executive function of oppressing and liquidating all revolutionary movements in and on their specific national territory.

In our occupied land, the imperialist-zionist-reactionary enemy demonstrates the very high level of their hostility, of their bloody aggressivity, against our people and our revolution, against all the Arab masses and their progressive and patriotic forces. The expansionist and racist nature of Israel is, with Menachem Begin at the summit of this ensemble of imperialist interests, clearer than it has ever been.

On the basis of these same imperialist interests West Germany was constructed as a U.S. base in 1945. Its function was the reactionary integration of the countries of West Europe via economic oppression and blackmail. As far as the underdeveloped countries of the world are concerned. West Germany gives financial, technical, and military support to reactionary regimes in Tel-Aviv, Pretoria, Salisbury, Santiago de Chili, etc...

There is a close and special cooperation between the two regimes in Bonn and Tel-Aviv in the military and economic fields, as well as in the area of shared political positions. The two enemy regimes work together against patriotic and revolutionary liberation movements in the world in general and in Arab, African, and Latin American regions in particular. This is manifested by their providing racist and minority regimes in Pretoria and Salisbury with arms and atomic and military technology, by delivering mercenaries and credits to them, by opening

markets for their products, by breaking boycotts and economic embargos surrounding them.

A significant example of the close cooperation between the Mossad, the German Secret Services, the CIA, and the DST is the filthy piracy of the imperialist-reactionary alliance: the Zionist invasion of Entebbe.

Actually, the identical character of Neo-Naziism in West Germany and Zionism in Israel is in the process of becoming clearer in the two countries:

- reactionary ideology is dominant.
- fascist, discriminatory, and racist labor laws are enforced.
- the worst methods of psychological and physical torture and murder are used against fighters for freedom and national liberation.
- forms of collective punishment are practiced.
- all guarantees of international law, such as laws governing the humane treatment of prisoners, a just trial, and a defense are completely abolished.

While the Zionist regime is the most authentic and practical continuation of Naziism, the government in Bonn and the Parties in parliament do their best to revive Naziism and expansionist racism, especially amongst military personnel and within the other State institutions.

Economic circles and the magnates of multinational corporations play an effective role in these efforts. Ponto, Schleyer, and Buback are blatant examples of persons who have effectively served old Naziism and who now, in practice, execute the goals of the Neo-Nazis in Bonn and the Zionists in Tel-Aviv, both locally and internationally.

Part of the anti-guerilla strategy of the enemies is non-acquiescence to the legitimate demands with the goal of freeing our imprisoned revolutionaries, who suffer the most cruel forms of torture with the silent awareness of the international public. We declare that this will not succeed. We will force the enemy to free our prisoners, who daily defy them by fighting oppression, even in prison.
